

The new outdoor barrier post

Pict. 1: GLA 24-D/13-4,0

Pict. 2: detailed view of spike

Pict. 3: also available with reflective sleeves against surcharge

DESCRIPTION

RS-GUIDESYSTEMS barrier post with coloured PVC tube. Instead of the usual base weight, it is equipped with an earth spike so that the post can easily be turned into the soil.

Delivery: pre-assembled

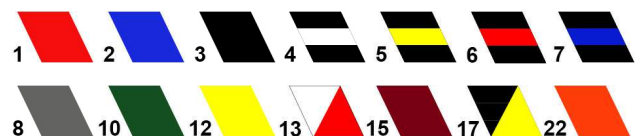

POST TUBE

Different standard colours available. Other colours upon request.

BELT COLOUR

Different standard colours available. Other colours or digital printing upon request.
