

RS-GUIDESYSTEMS® GLE Belt-Cassettes

Pict. 1: Samples 50 mm tape width

Pict.. 2: Installation

Pict. 3: sanokes cassettes 100 mm tape width

DESCRIPTION

RS-GUIDESYSTEMS belt cassettes are available in various standard colors and belt lengths. In addition, you can choose between two belt widths (50 or 100 mm). Of course, the belts/webbings can also be printed individually using the digital printing process.

Below are some examples of individual belt printing:

Optionally (at extra cost) also available with panic lock or magnetic belt end piece.
