(traffic cone not included – but also available)

Pict. 2: ALCT-O-0170 on traffic cone LK 1055  
(traffic cone not included – but also available)

## DESCRIPTION

Cone head with extractable tape, suitable for all traffic cones of min. 750 mm height, e. g. LK 755 (=750 mm) and LK 1055 (=1000 mm). Max. tape extension = 9.0 m, available with either red/white or black/yellow diag. striped tape. Easily switch your traffic cone into a full barrier device with retractable tape by simply plugging the cone head onto the traffic cone. Fast and secure cordoning off large areas and distances.
