

DESCRIPTION

These **RS-GUIDESYSTEMS** road cones are available in two sizes: 750 mm and 1000 mm.

Suitable for indoor and outdoor use. Also known as traffic control and guidance cones or pylons, they can easily be turned into a full barrier or queue management device: simply add a cone head with retractable tape like **RS-GUIDESYSTEMS** GL 900 (max. 4.0 m tape length) or ALCT-O (max. 9.0 m tape length) onto the top.
