SAFETY INFORMATION

- This is not a toy.
- Optional add-on for **RS-GUIDESYSTEMS** barrier systems.
- Non-intended use may result in functional and usage restrictions.
- Materials: plastic, metal, stainless steel
- Only applies to battery-operated accessories/electrical devices:
- Store batteries separately when not in use.

HAZARD WARNINGS

- No known hazards if used and operated as intended.
- Non-intended use may result in functional and usage restrictions or may lead to injuries to the operator or in the surround. area.
- Choking hazard for small parts.

INSTRUCTION FOR USE

- Check for damage before use.
- Do not use if damaged or worn. In this case, please waste according to local rules.
- Assembling of the accessory part (permanent or temporary) at chosen setting.
- Only use items for their intended purpose.
- Only applies to battery-operated accessories/electrical appliances:
- Only use suitable batteries, ensure that batteries are positioned correctly.
- Please follow regulations for the correct disposal of old equipment.

CARE INSTRUCTIONS

- If necessary, wipe with a damp cloth.
- Do not drown in water.

DISPOSAL INSTRUCTIONS

- The product should be disposed of in accordance with the local waste regulations. Individual components can be recycled separately.
- Only applies to battery-operated accessories/electrical appliances:
- Batteries/electrical devices must not be disposed of with standard household waste, but must be disposed of properly.
- Alternatively, as the manufacturer is obliged to take back these products, they can be returned. In this case, kindly take care that freight charge is fully covered.
